Profile

Full-Stack Software Engineer bringing fine dining and hospitality experience to the world of tech.

Software Experience

tred — Full-Stack Developer, London, UK — 2020

- Working fully remote with the development team to launch a web application utilizing React.js/Next.js and Material-UI
- Collaborating and implementing designs developed by the UX/UI team
- Utilized productivity tools including Figma, Github, Slack, Trello

Upwork — Freelance Full-Stack Software Engineer — 2020

- Legends of Om — Working with client to develop, maintain and update e-commerce website

General Assembly — Software Engineering Immersive, Boston, MA — 2020

- Completed over 600 hours of study and course work covering key modern programming languages, technologies, and best practices.
- Created web applications from the ground up utilizing front- and back-end programming fundamentals.
- Built RESTful APIs and integrated data from third party APIs.

Projects

Avant Garde — A SPA for artists to share works in a digital gallery in times of social distancing.

- Users can create artist profiles and upload images to AWS — S3, while visitors can view profiles and featured artwork.
- Worked with a team of four utilizing Scrum strategies and Git/Github for version control.
- Tech Stack: React.js, AWS — S3, Mongoose/MongoDB, Express.js

Macro Macro — A SPA for users to track day to day macronutrient consumption

- User accounts store frequently eaten foods that can be added to daily food logs.
- Tech Stack: React.js, JavaScript, Python, Django/PostgreSQL, React Bootstrap

Urban Jungle Juggle — A SPA for users to log and track home plants

- A full-stack app that stores user accounts, plant logs, and custom care instructions.
- Tech Stack: JavaScript, jQuery, Mongoose/MongoDB, Express.js, Bootstrap

Additional Experience

Talula's Garden — French Farm to Table, Philadelphia, PA — 2019 - 2020

Vedge — A Vegetable Restaurant, Philadelphia, PA — 2016 - 2019

V Street — Street Food & Bar, Philadelphia, PA — 2014 - 2016

Barbuzzo — Mediterranean Kitchen & Bar, Philadelphia, PA — 2011 - 2013

Passions and Pursuits

My time in fine dining and hospitality has created many opportunities for me to explore my curiosities and life passions. I learned to cook and elevate food for the people I love. I studied and practiced movement through rock climbing and Crossfit. I even learned how to play the guitar—despite my dog's disapproval.

Hospitality supported me while I learned to code, and as I turn in my apron for a keyboard, I can't wait to see what I'm going to do next.
